AMENDMENT

Sir:

In response to the Office Action mailed March 14, 2002, please amend the above-identified application as follows:

In The Claims:

RECEIVED
SEP 09 2002
TC 1700

1. (Amended) A method of molding a cheese or non-frozen milk product, wherein the method comprises:
- a) casting a melt of said product having a dry extract content lying in the range 25% to 50%, and a fat content by weight in the dry extract lying in the range 30% to 75%, into at least one mold;
 - b) cooling the melt to cause at least a peripheral layer of the melt to congeal;
 - c) reheating the mold(s) to soften a surface region of said congealed peripheral layer;
- and
- d) unmolding the product.

3. (Amended) A method according to claim 1, including, after the unmolding step d), a step e) of coating the product.
